Thomas M. Gill, MD
Dr. Thomas Gill is Professor of Medicine, Epidemiology, and Investigative Medicine and the Humana Founda-tion Professor of Geriatric Medicine at Yale University. He is a leading authority on the epidemiology and pre-vention of disability among older persons and holds several leadership positions at Yale: Director of the Pro-gram on Aging and Claude D. Pepper Older Americans Independence Center, Director of the Center on Disabil-ity and Disabling Disorders, and Director of an NIA-funded postdoctoral training program in Geriatric Clinical Epidemiology and Aging-Related Research. He has received a MERIT Award from the NIH and is a elected member of the American Society of Clinical Investigation and Association of American Physicians.

Esther Oh, MD, PhD
Dr. Esther Oh is an Associate Professor of Medicine, Psychiatry and Behavioral Sciences and Pathology
