## NIDUS Measurement and Harmonization Core: **Delirium Instrument Use Survey**

Dear << Test First Name >>,  
The NIDUS Measurement and Harmonization Core is conducting a survey to learn more about the delirium screening and severity assessment instruments you use in your delirium research. **Please take a few minutes to complete the survey now:** [Measurement Instrument Use Survey](#). We have heard from many of you already but are hoping to get a few more responses before closing the survey. Help us get to 100 responses!

The Measurement and Harmonization Core will use responses to the survey to help generate new resources and recommendations for using delirium instruments. Your insights are highly valuable to this process!

Thanks,  
Kristen  
*on behalf of the NIDUS Measurement and Harmonization Core*

Kristen Erickson  
NIDUS Program Coordinator
