Has NIDUS supported or helped you with your research, either through NIDUS resources, mentorship, NIDUS Boot Camp or NIDUS-related funding—such as a pilot or seed grant or other funding? If so, please remember to acknowledge the NIDUS grant on your submitted papers, as follows:

This work was supported in part by NIH Grant No. R33AG071744.

Apply for the 2025 NIDUS Delirium Boot Camp!

Interested in attending the 2025 NIDUS Delirium Research Boot Camp? Visit the Boot Camp page to see eligibility guidelines, view the 2025 NIDUS Boot Camp application, and get tips for completing your application. **Applications are due July 7, 2025 at 5PM ET.**

[Visit the NIDUS Boot Camp Page](#)

Also, if you have Boot Camp questions, please join us **Tuesday May 13** for an interactive Informational Session. Registration is NOT required. Simply follow

NIDUS Boot Camp Info Session

Thinking of applying to the 2025 Boot Camp?
Have questions about the application process?
Want guidance on the research proposal?

Join the upcoming Info Session on May 13 at 11AM ET to learn more!
Registration NOT required. Simply follow the link in post.

Register for the May 21 NIDUS Mentoring Session

Park, MD, MPH, (both of Harvard Medical School). The session will highlight innovative research focused on reducing delirium in the post-acute hospitalization period.

About NIDUS

NIDUS is a collaborative research network dedicated to spurring innovation and new advances in delirium research through development of new research and measurement resources, training opportunities, pilot funding and dissemination of information. It is funded through an award from the National Institutes of Health/National Institute on Aging (grant no. R33AG071744, PI: Inouye).
